This chart indicates the number of times visitors to **LakeMurrayFun.com** visited a specific page in the past 4 years.

Page Views are the most accurate method of determining visitor interest in particular products or services. It is important to note that people came directly to these pages looking specifically for the products or services advertised therein.

Display Ad Rates (last column) - This rate indicates the amount we charge to place your expanded business information on the indicated page. This expanded listing includes a graphic/photo and up to 50 additional words to describe your product or service - allowing your business to "jump out" to people looking for your product / service.
